Resolution # 803

APPROVES SPECIAL PERMIT - RIVERHEAD SPORTS COMPLEX (EDWARD BROIDY)

~~COUNCILMAN STARK~~ offered the following resolution, which was seconded by COUNCILMAN PRUSINOWSKI:

WHEREAS, the Riverhead Town Board is in receipt of a special permit petition from Edward Broidy for the construction of a sports/recreation complex to include an indoor ice arena with accessory retail use, an outdoor in-line skating rink, and an outdoor batting facility on real property located on the west side of Edwards Avenue, Calverton; such property more particularly described as Suffolk County Tax Map No. 0600-117-1-8.6, and

WHEREAS, the Town Board has determined the action to be Unlisted and by resolution #364 of 1994 did authorize the Planning Department to publish and post a notice on non-significance, and

WHEREAS, the Town Board did refer the petition to the Riverhead Planning Board; such Planning Board recommending approval of the special permit with conditions, and

WHEREAS, the Town Board did refer the petition to the Suffolk County Planning Commission for its recommendation; such Commission determining the action to be a matter of local determination, and

WHEREAS, the Town Board did hold a public hearing respecting the petition on October 18, 1994, and

WHEREAS, the Town Board has carefully considered the merits of the petition, the SEQRA record created to date, the report of the Planning Department, the report of the Suffolk County Planning Commission, the report of the Riverhead Planning Board, the commentary made part of the public hearing record, as well as all other relevant planning, zoning and environmental information, now

THEREFORE, BE IT

RESOLVED, that in the matter of the special permit petition of Edward Broidy for the development of a sports complex as a recreational land use in the Industrial A Zoning Use District, the Town Board hereby makes the following findings:

- i. That the site is particularly suitable for the location of such use in the community;
- ii. That the plot area is sufficient and appropriate for the use;
- iii. That proposed access facilities are adequate for the estimated traffic from public streets;
- iv. That buffer yards and screening will be provided where necessary to protect adjacent property and land uses;
- v. That adequate provisions will be made for the collection and disposal of stormwater runoff and sanitary sewage in conformance with existing environmental regulation;
- vi. That the use could tend to generate the creation of light and noise to an extent that such nuisances would be discernible on adjacent properties;
- vii. That the operation of the proposed use is such that there is a need for regulating the time and duration of activity;
- viii. That the proposed use, and the reasonably expected expansion thereof, recognizes and contemplates further special conditions and safeguards required for particular uses, and

BE IT FURTHER

RESOLVED, that the Town Board, based upon its findings, hereby approves the subject special permit subject to the following conditions:

FIRST: That the special permit be provided for only that portion of the property for which a site plan has been submitted pursuant to Section 108-3(A) (2) of the Riverhead Zoning Ordinance. The expansion of the facility beyond that depicted upon the site plan attending the petition should require a new special permit petition as well as additional environmental review;

SECOND: That the management of individual recreational uses be limited to a single operator;

THIRD: That the lighting of the facility for nighttime use shall be specified in the

contemplated site plan application and shall be so designed as to not affect neighboring properties;

FOURTH: That the outdoor recreational facilities shall not be operated between the hours of 11:00 p.m. and 6:00 a.m.;

FIFTH: That in its consideration of the site plan application a front yard setback to allow conformance with the Findings Statement enumerated in the GEIS on the Environmental Impact Statement on the Preservation of Farmland in the Town of Riverhead, New York shall be required;

SIXTH: That all recreational and parking areas be suitably screened so as not to be discerned by neighboring properties; and
