LANDMARKS PRESERVATION COMMISSION
Downtown Historic District Approval

Whereas the Riverhead Landmarks Preservation Commission has determined that a portion of downtown Riverhead contains over 220 buildings with special historic value that may be eligible for Federal Restoration Tax Credits, as determined by U.S. Department of the Interior criteria, and is thus eligible to be a historic district as defined by Chapter 73 of Riverhead Town Code; and

Whereas parcels containing these historic structures constitute approximately 63% of all the parcels in the proposed district, excluding publicly owned parking lots and open space; and

Whereas this dense concentration of historic structures gives the downtown area a special historic and architectural character that would be destroyed if these historic structures were to be lost or their historic architecture compromised by inappropriate modifications; and

Whereas the special historic and architectural character of the area would be enhanced by the new construction adjacent and between the historic structures that is consistent with the special historic and architectural characteristics of the proposed district; and

Whereas, the Commission believes that creation of a historic district in the downtown area will significantly enhance the quality of life for residents in the area, encourage tourism and other business in the area, result in increased real estate values and otherwise benefit the people of Riverhead; and

Whereas, the revitalization of the downtown is a priority of the administration and an historic district will serve to better position the Commission to be involved in this process; and

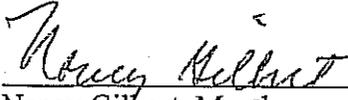

Whereas, the Commission has notified all property owners within the proposed district and within 250 feet of the boundaries of the proposed district regarding the proceedings for designation of the district, and the Commission has held a public hearing on October 24, 2005 and the Commission has considered the comments of the public at the hearing.

Now be it therefore resolved, under the provisions of Chapter 73 of Riverhead Town Code, the Commission approves the designation of a Downtown Historic District, with boundaries as shown on the Proposed Historic District Map, dated August 19, 2005 attached hereto; be it further

Resolved, the Commission hereby requests that the Town Clerk send notification to all affected property owners that it has approved the designation of said district; be it further.

Resolved, the Commission hereby recommends that the Town Board, under its discretion in Chapter 73-7 of Town Code, call a public hearing on the district the Commission has approved and that notice of such hearing be posted in a newspaper of general circulation and sent to all property owners within the proposed district and within 250 feet of the boundaries of the proposed district, at least fourteen days prior to such hearing.
