Dear Residents:

I am pleased to present you the Town of Riverhead Recreation Department's 2009 Fall Brochure. The Recreation Department staff has put together an exceptional array of programs, with something of interest for young and old alike. This brochure features several new programs including two adult cooking classes, "A Taste of Russia" and "Flavors of West African Cooking"; an intergenerational pasta-making workshop; a fall foliage cruise up the Hudson River; and a "Virtual Recreation" Wii bowling league.

I would also like to invite you to join me in participating in an exciting, first-of-its-kind event from October 23-25. The Downtown Riverhead Mystery Weekend will center around a local "crime" that is up to you and your teammates to solve. Get ready to channel your inner Sherlock Holmes as you "investigate" your way around downtown Riverhead during this unforgettable weekend.

Additional information about our parks and recreational programs can be found on our town website, www.riverheadli.com. All town parks, beaches, community centers, and marinas are included on the website with list of amenities and directions to each individual location. I urge you to use the website and view Channel 22, Town Government and Education channel, to keep updated with all that is going on around town.

I encourage you to enroll in these recreation programs. You can do so by contacting the Recreation Department, either in person at Stotzky Park, 55 Columbus Avenue; by phone at (631) 727-5744; or online through the town's website, www.riverheadli.com.

Dear Residents:

I am pleased to present you the Town of Riverhead Recreation Department's 2009 Fall Brochure. The Recreation Department staff has put together an exceptional array of programs, with something of interest for young and old alike. This brochure features several new programs including two adult cooking classes, "A Taste of Russia" and "Flavors of West African Cooking"; an intergenerational pasta-making workshop; a fall foliage cruise up the Hudson River; and a "Virtual Recreation" Wii bowling league.

I would also like to invite you to join me in participating in an exciting, first-of-its-kind event from October 23-25. The Downtown Riverhead Mystery Weekend will center around a local "crime" that is up to you and your teammates to solve. Get ready to channel your inner Sherlock Holmes as you "investigate" your way around downtown Riverhead during this unforgettable weekend.

Additional information about our parks and recreational programs can be found on our town website, www.riverheadli.com. All town parks, beaches, community centers, and marinas are included on the website with list of amenities and directions to each individual location. I urge you to use the website and view Channel 22, Town Government and Education channel, to keep updated with all that is going on around town.

I encourage you to enroll in these recreation programs. You can do so by contacting the Recreation Department, either in person at Stotzky Park, 55 Columbus Avenue; by phone at (631) 727-5744; or online through the town's website, www.riverheadli.com.

For purposes of these General Terms and Conditions, the term “Agreement” shall include: [insert what is to be included in this term]. Ricoh and Customer may enter into a number of SOWs for services, equipment and deliverables provided by Ricoh to Customer. Each such SOW will constitute a separate SOW and will not merge together with other SOWs. A valid Purchase Order for the Services, Equipment and Deliverables described in a SOW must be provided to Ricoh before it is obligated to commence providing such Services, Equipment and Deliverables. If any term of a Purchase Order or a SOW conflicts with these Terms and Conditions, these Terms and Conditions shall control.

Ricoh shall bill Customer for out-of-pocket expenses incurred by Ricoh in performing Services (including travel, meal, lodging, mileage expenses and secure parking) in accordance with Ricoh’s standard policies as they exist from time to time. Ricoh shall have the right to halt

further Services and Deliverables until payment is received on past due amounts without liability to Customer. Amounts due for Services and Deliverables provided under this Agreement do not include sales or use taxes.

Since it would be difficult or impossible to determine Ricoh's actual damages in the event of late payments, if any payment to Ricoh is not paid within 10 days of the date it is due, Customer shall pay to Ricoh an amount equal to 5% of any such late payment to compensate Ricoh for its expenses occasioned by such late payment. Ricoh and Customer agree and acknowledge that such service charge shall not constitute a penalty. Customer shall also pay Ricoh interest on such late payment at the highest rate permitted by applicable law, but not more than 1.5% per month. Customer shall pay to Ricoh all costs of collection (including the fees of any collection agency to whom this Agreement may be referred) plus reasonable attorney's fees (which attorney's fees shall not be less than 25% of amounts due unless a lower amount is specified by applicable law).

3. CHANGES AND DELAYS.

A. Changes. Ricoh and Customer acknowledge and agree that the occurrence of the following events (each an "Adjustment Event") may require an extension in the schedule and/or an increase in the fees and expenses and/or an increase in the work Ricoh is to perform: (a) a material change to or deficiency in the information which Customer has supplied to Ricoh; (b) a failure by Client and/or other vendors to perform any of their respective responsibilities in a timely manner, including, without limitation, the supply to Ricoh of adequate resources and information; (c) an unanticipated event that materially changes the service needs or requirements of Customer; (d) circumstances beyond the reasonable control of either of the parties, including Force Majeure Events (as defined herein); (e) a change in law; or (f) any assumption in the SOW not being fully realized.

Ricoh and Customer also agree that from time to time during the term of the Agreement, Customer may request, or Ricoh may propose, that Ricoh implement a change to the Services or a Deliverable which may require

an extension in the schedule and/or an increase in the fees and expenses and/or an increase in the work Ricoh is to perform (each, a "Change"), including: (a) a change to the scope or functionality of the Services or any Deliverables; (b) a change in the prioritization or manner in which Ricoh is performing the Services; or (c) a change to the scope of the Services.

In the event an Adjustment Event occurs or the parties agree on a Change, Ricoh shall prepare and provide to Customer a proposed Change Control form identifying the impact and setting forth any applicable adjustments in the schedule and/or payments to Ricoh. Ricoh and Customer shall promptly sign each such Change Control form to acknowledge the impact and to indicate the party's agreement to the adjustments. In the event Ricoh and Customer reach agreement and execute the Change Control form, the agreed upon adjustments shall constitute Services. With respect to an Adjustment Event or Change, if the parties fail to reach an agreement, Ricoh shall not be obligated to perform any additional or modified Services or Deliverables.

B. Delays. Notwithstanding subsection A of this Section 3, if any delays or deficiencies in the Services or Deliverables occur as a result of Adjustment Events or Changes, the scheduled completion date for the affected Services and Deliverables shall be extended to the extent of any such delays and Ricoh shall not incur any liability to Customer as a result of such delays or deficiencies. If such delays last for an aggregate of thirty (30) days or more, Ricoh shall be entitled to terminate this Agreement by giving written notice to Customer, such termination to be effective on the date indicated in said notice.

4. WARRANTY AND LIABILITY.

A. Warranty. Ricoh warrants that it will exercise due professional care and competence in the performance of the Services. Ricoh warrants that it will provide the proper management and leadership to all resources performing Services. Deliverables shall conform in all material respects to the acceptance criteria agreed upon in writing by the parties. If, and to the extent, Ricoh's Services are intended to assist Customer in identifying

business improvement opportunities, the Services do not purport to identify all steps or approaches necessary for Customer to improve its operational or financial performance or to accomplish any particular business goal, and Ricoh provides no assurance as to the extent to which a potential benefit, whether or not identified in a SOW, will be achieved, and Customer remains solely responsible for the achievement of any defined results.

All third party software programs and applications and all hardware provided by third parties shall be installed and supported by such third parties.

B. Liability. Any claim for breach of the warranties in this Section 4 with respect to any of the Services or the Deliverables must be made by written notice to Ricoh within sixty (60) days of performance of the Services or the Customer's acceptance of a Deliverable. For any breach of the warranties in this Section 4, Customer's exclusive remedy, and Ricoh's entire liability, shall be the re-performance of such Services, which shall be Customer's exclusive remedy, except in the case of gross negligence or willful misconduct in which case Customer shall be entitled to pursue all remedies available to it at law or in equity subject, however, to the provisions contained in this Section 4(B). Such re-performance of Services shall commence within ninety (90) days of receipt of written notice from Customer as provided herein. If Ricoh does not re-perform the Services as warranted under this Section 4, Customer shall be entitled to recover the fees paid to Ricoh for such deficient Services.

Unless expressly provided in a SOW, Ricoh makes no guarantees as to the level of service Customer can expect to receive from the Services, Equipment or Deliverables provided by Ricoh.

Prior to the commencement of Services, Customer shall back up all data and all software applications and programs. Ricoh shall not be liable for the loss of any data or any software applications and programs.

Except in the case of gross negligence or willful misconduct resulting in damages related to personal injury, death or tangible personal property (excluding software or data), to the fullest extent permitted by applicable law,

the total aggregate liability of Ricoh, regardless of whether such liability is based on breach of contract, tort, strict liability, breach of warranties, failure of essential purpose or otherwise, under the Agreement or with respect to the Services shall be limited to the fees paid to and retained by Ricoh under the Agreement. If Ricoh is working on a multiphase engagement for Customer, the total aggregate liability of Ricoh shall be limited to the fees paid to and retained by Ricoh for that particular phase that principally gives rise to the liability.

In no event will Ricoh or Customer be liable for consequential, incidental, indirect, punitive or special damages (including, without limitation, loss of profits, data, software applications and programs, business or goodwill), regardless of whether such liability is based on breach of contract, tort, strict liability, breach of warranties, failure of essential purpose or otherwise, and even if advised of the likelihood of such damages.

CUSTOMER UNDERSTANDS THAT RICOH IS PERFORMING THE SERVICES HEREUNDER IN RELATION TO SYSTEMS AND DATA THAT HAVE BEEN PRODUCED BY CUSTOMER, OR SUPPLIED TO CUSTOMER BY THIRD PARTIES, AND FOR SUCH SYSTEMS AND DATA RICOH SHALL HAVE NO RESPONSIBILITY. EXCEPT AS OTHERWISE STATED IN THIS SECTION 4, RICOH MAKES NO WARRANTIES OF ANY KIND OR NATURE, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, OR WARRANTIES OF ANY PRODUCTS OR SERVICES, OR THE APPROPRIATENESS OF CUSTOMER OR THIRD PARTY SPECIFICATIONS. IN ADDITION, RICOH EXPRESSLY DISCLAIMS ANY WARRANTY OR LIABILITY WITHR ESPECT TO DESIGN OR LATENT DEFFECTS OR COMPLIANCE WITH LAWS, REGULATIONS, OR OTHER OFFICIAL GOVERNMENT RELEASE, APPLICABLE TO CUSTOMER, WHICH SHALL BE THE SOLE RESPONSIBILITY OF CUSTOMER. Customer acknowledges that it is a sophisticated party to this Agreement and recognizes and agrees that the terms of this Section 4 are an integral part of Ricoh's pricing and an important factor in Ricoh's willingness

to enter into this Agreement and to agree to perform Services hereunder.

Ricoh shall have no responsibility for and shall not be liable in any manner as a result of any third party software programs or applications or any hardware provided by third parties.

Customer shall have no recourse against, and shall bring no claim against, any other Ricoh Entity, or any member, shareholder, director, officer, manager or employee of Ricoh or any Ricoh Entity with respect to any liability or obligations herein or in connection with the Services or the Deliverables.

Ricoh agrees to defend, at its own expense (including reasonable attorneys' fees and expenses), indemnify and hold harmless Customer from and against all third party claims against, and any related liabilities, losses, or damages incurred by, Customer as a result of the Deliverables constituting an infringement of any U.S. patent, copyright, trademark or trade secret. In the event of any third party claim against Customer in respect of use of the Deliverables, Ricoh, at its option, may (i) obtain a right to use the Deliverables without obligation on the part of Customer to the owner of the allegedly infringed intellectual property, (ii) modify the Deliverables, without materially diminishing the functionality or performance thereof, to become non-infringing at Ricoh's sole expense or (iii) require that Customer discontinue the use of the infringing Deliverable, less a reasonable amount for the use thereof. Notwithstanding the foregoing, Ricoh shall have no liability for any third party claim of infringement based upon: (i) a modified version of any Deliverable; (ii) the use of a Deliverable in connection with another product or service (the combination of which causes the infringement) if Ricoh did not approve of such use; or (iii) Ricoh's compliance with Customer's specific instructions.

Ricoh's obligation to defend, indemnify and hold harmless Customer from such infringement liability shall be subject to Customer having given Ricoh prompt written notice of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, for the defense or settlement thereof. Ricoh shall have sole control of the defense and settlement of such claim or related action, provided that Ricoh shall not settle such claim or related action in a

manner which imposes any obligation on customer without the prior written consent of Customer (which consent shall not be unreasonably withheld).

Ricoh assumes no responsibility for any use or no-use by Customer of any Deliverables or the Services, and Customer remains solely responsible for any such use or non-use.

5. CONFIDENTIALITY. During the term of the Agreement it may be necessary for one party (the "Disclosing Party") to disclose Confidential Information to the other party (the "Receiving Party"). The term "Confidential Information" as used in the Agreement is defined as any information disclosed to the "Receiving Party" which is treated by the Disclosing Party as being confidential and proprietary, including without limitation, business, commercial or financial information, marketing programs and objectives, technological information and developments, software, information protected by rights embodied in copyrights or other intellectual property rights, whether registered or unregistered, "know how," trade secrets and information relating to the Disclosing Party's business relationships. However, Confidential Information shall not include any information which: (a) is already known to the Receiving Party at the time of disclosure without any obligation of confidentiality; or (b) is generally available to the public or becomes publicly known through no wrongful act of the Receiving Party; or (c) has been received in good faith by the Receiving Party from a third-party source having the right to disclose such information.

Confidential Information disclosed under the Agreement shall be used solely and exclusively by the parties in furtherance of the obligations of the parties under the Agreement. Such use is limited only to the Receiving Party and those persons the Receiving Party determines have a need to know the Confidential Information ("Representatives"). The Receiving Party shall disclose to all Representatives receiving Confidential Information that the Confidential Information is the property of the Disclosing Party and is confidential in nature, and the Receiving Party shall ensure that its Representatives are bound by equivalent confidentiality obligations in relation to the Confidential Information as those set out in the Agreement. Confidential Information received by the Receiving Party

shall be treated by the Receiving Party as confidential and accorded the same level of security as if it were its own proprietary and confidential information. The Receiving Party shall not acquire any rights in the Confidential Information of the Disclosing Party, except the limited right to use the Confidential Information in accordance with the Agreement. The Receiving Party will be responsible for any breach of the Agreement by any Representative. Except as permitted herein, the Receiving Party shall not reproduce, copy or otherwise duplicate any Confidential Information.

Subject to all rights of the Disclosing Party provided by applicable statutes and regulations, including without limitation trademark, copyright and trade secret statutes, the duty of Confidentiality of the Receiving Party and its Representatives with respect to the Confidential Information of the Disclosing Party shall commence on the date of the Agreement and shall survive the termination of the Agreement for a period of five years.

If the Receiving Party is required by any governmental agency, court or other quasijudicial or regulatory body to provide Confidential Information received under the Agreement, the Receiving Party shall not be liable for such disclosure provided that the Receiving Party, as promptly as reasonably possible, gives prompt written notice to the Disclosing Party of the requirement and the terms of and circumstances surrounding such requirement in order that the Disclosing Party may contest the requirement to provide such information, or seek an appropriate protective order or other remedy with respect to such disclosure. The Receiving Party shall cooperate with the Disclosing Party with respect to the Disclosing Party obtaining a protective order or other remedy as the Disclosing Party shall reasonably request. If the Receiving Party is required to disclose Confidential Information as described in this Section 5, the Receiving Party shall furnish only that portion of such Confidential Information which, as it is advised in a written opinion by its counsel, it is legally required to furnish.

The Receiving Party acknowledges that the Disclosing Party will suffer substantial damages not readily ascertainable or fully compensable in terms of money in the event of the breach by the Receiving Party or any of its

Representatives of any of its obligations under the Agreement. The Receiving Party agrees and consents that the Disclosing Party shall be entitled (without limitation of any other rights or remedies otherwise available to the Disclosing Party) to obtain an injunction from any court of competent jurisdiction preventing a prospective breach of the Agreement or prohibiting the continuance or recurrence of any breach of the Agreement.

6. **TERMINATION.** Either party may terminate the remaining performance of work under any effective SOW upon ninety (90) days prior written notice of such termination. In the event of such termination, other than for the failure of Ricoh to perform its obligations under the SOW, Ricoh shall be entitled to payment for Services rendered and Equipment and Deliverables delivered prior to the effective date of termination and for expenses properly reimbursable under the Agreement. The Agreement shall terminate on the effective date of termination of the last outstanding SOW. The provisions of the Agreement which give the parties rights beyond termination of the Agreement will survive any termination of this Agreement, including, without limitation [include specific section references]

7. **INDEMNIFICATION.** Customer agrees to and shall indemnify and save harmless Ricoh, its officers, directors and shareholders for and against claims, costs, expenses (including reasonable attorneys' fees), judgments, losses, damages or liabilities arising out of any negligence or willful misconduct of Client. Customer's obligation to defend, indemnify and hold harmless Ricoh from such costs and liabilities shall be subject to Ricoh having given Customer prompt written notice of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, for the defense or settlement thereof. Customer shall have sole control of the defense and settlement of such claim or related action, provided that Customer shall not settle such claim or related action in a manner which imposes any obligation on Ricoh without the prior written consent of Ricoh (which consent shall not be unreasonably withheld).

Ricoh agrees to and shall indemnify and save harmless Customer, its officers,

directors and shareholders for and against claims, costs, expenses (including reasonable attorneys' fees), judgments, losses, damages or liabilities arising out of any negligence or willful misconduct of Ricoh. Ricoh's obligation to defend, indemnify and hold harmless Customer from such costs and liabilities shall be subject to Customer having given Ricoh prompt written notice of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, for the defense or settlement thereof. Ricoh shall have sole control of the defense and settlement of such claim or related action, provided that Ricoh shall not settle such claim or related action in a manner which imposes any obligation on Customer without the prior written consent of Customer (which consent shall not be unreasonably withheld).

8. **ARBITRATION**. Except for the remedies provided in Section 5 hereof, any controversy or claim arising out of or relating to the Agreement or the breach hereof, including any claim based upon or arising from an alleged tort, shall be settled by binding arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association in effect on the date of the Agreement, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Any remedy that would be available from a court of law or equity shall be available from the arbitrator(s). The arbitration hearing and all proceedings in connection therewith shall take place in Atlanta, Georgia. The arbitration hearing shall be commenced within (90) days of the filing of a Demand for Arbitration by either party, and the award shall be rendered within thirty (30) days of the conclusion of such hearing.

9. **NON-SOLICITATION**. During the term of the Agreement and for a period of one (1) year following its termination, neither party shall, as a result of becoming aware of any employee of the other party who is connected with the performance of the Agreement, directly or indirectly solicit or hire (or utilize as an independent contractor) such employee.

10. **RELATIONSHIP OF PARTIES**. Customer and Ricoh acknowledge that the

relationship created hereunder is that of an independent contractor, and that the Agreement does not create a joint venture, partnership, or employment relationship between the parties or their employees. Except as otherwise provided in the Agreement, neither party shall bind the other party to any obligation without the express written consent of the other party.

11. **ASSIGNMENT**. Neither this Agreement nor any of the rights or duties hereunder may be assigned or otherwise transferred by either party without the other party's prior written consent; provided, however, that Ricoh may assign or otherwise transfer its rights and duties hereunder to a Ricoh Entity without the consent of the Customer.

12. **NO THIRD PARTY BENEFICIARIES**. The Agreement is entered solely by and between, and may be enforced only by Ricoh and the Customer. The Agreement shall not be deemed to create any rights in or obligations to any third parties.

13. **TAXES**. Any amounts paid by Ricoh for all charges and taxes (local, state and federal sales, use or other similar taxes) which may now or hereafter be imposed or levied as a direct result of providing the Services, Equipment and Deliverables to Customer hereunder, except those on or measured by Ricoh's net income, shall be invoiced to and paid by Customer.

14. **GOVERNING LAW**. The Agreement shall be governed by and construed in accordance with the laws of the State of Georgia, without reference to its choice of law principles.

15. **CLOSURE**. No action, regardless of form, arising out of or in connection with the Agreement or the Services, the Equipment or the Deliverables may be brought by either party more than one (1) year after the cause of action accrued, provided that this Section shall not serve to preclude or limit any claim that Ricoh may have after said period for payment by Client for Services performed hereunder or for Equipment or Deliverables delivered hereunder.

16. **FORCE MAJEUR**. Neither party shall be liable for failure to fulfill its obligations under

the Agreement (other than a failure to pay money) if that failure is caused, directly or indirectly, by flood, communications failure, weather, fire, earthquake, or other natural calamity or act of God, interruption in water, electricity, heating or air conditioning, riots, civil disorders, acts of governmental agencies, quarantines, embargoes, malicious acts of third parties, labor disputes and for which the party claiming force majeure is not responsible, or any other similar cause beyond the reasonable control of that party (each, a "Force Majeur Event").

17. **SEVERABILITY.** If any provision of the Agreement, or the application thereof, shall for any reason and to any extent be determined by a court of competent jurisdiction to be invalid or unenforceable, such provision shall be modified or interpreted by the court so as best to reasonably effect the intent of the parties, and the parties shall replace any such invalid or unenforceable provision with valid and enforceable provision(s) that are consistent with the modification or interpretation made by the court. All other provisions of the Agreement shall remain in full force and effect.

18. **BINDING EFFECT.** The terms, covenants, conditions, provisions and agreements herein contained shall be binding upon and inure to the benefit of the parties hereto, their successors and permitted assigns.

19. **NOTICES.** All notices, demands and requests contemplated hereunder by either party to the other shall be in writing, and shall be deemed to have been duly given when delivered by hand, or five (5) days after it is deposited in the United States mail when sent by registered, or certified mail return receipt requested, postage prepaid, or when given by facsimile transmission (promptly confirmed in writing), as follows:

- **Vision F.I.R.S.T:** This system allows CSR's to be dispatched via wireless email transmissions to blackberry handheld computers. RICOH

Promoting a Resource Recirculating Society

With programs that reduce, reuse, and recycle end-of-life products, Ricoh allows customers to divert tons of resources from landfills each year. We work within a sophisticated framework, in which repeated recycling reduces new resource consumption and waste generation to the furthest extent possible.

Virtually Nothing Goes to Waste

Ricoh recovers over 98% of material content from end-of-life equipment via Demanufacturing*. Resources recovered are reconstituted into new parts or converted into energy.

Since 2000, Ricoh has diverted over 43 million pounds of equipment from landfills.

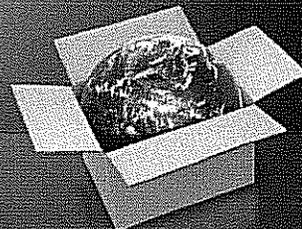

Quality is Something You Don't Throw Away

If discarded cartridges end up in a landfill, it can take centuries for them to biodegrade if at all. With Ricoh's Toner Cartridge Collection Program, returnable cartridges are disassembled, and designated parts are meticulously cleaned, inspected and tested for use in the manufacturing of new cartridges, or sent to material recovery partners.

Since 1997, Ricoh has recycled over 74 million cartridge parts.

Resolution # 891

SUPPORTS TOWN OF RIVERHEAD APPLICATION TO US DOT FOR TIGER GRANT TO SUPPORT MAGLEV – 2000 DEMONSTRATION AND CERTIFICATION PROJECT

Councilman Wooten offered the following resolution,

which was seconded by Councilwoman Blass

WHEREAS, the United States Department of Transportation is accepting applications for funding under the Transportation Investment Generating Economic Recovery (TIGER) grant program, a federal program created as part of the American Recovery and Reinvestment Act (Recovery Act) legislation that was enacted in February that, like all Recovery Act programs, is focused on the near-term creation and retention of jobs, in particular those that are associated with transportation infrastructure projects; and

WHEREAS, TIGER has nationwide federal funding of \$1.5 billion and is set up to make competitive awards for “shovel ready” transportation projects that are between \$20 million and \$300 million dollars; and

WHEREAS, the Town of Riverhead, MagLev 2000 and Polytechnic Institute seek to submit a joint application for a MagLev 2000 Demonstration and Certification Project for the second generation superconducting magnetic levitation transport system; and

WHEREAS, the proposed TIGER project will demonstrate and certify the 2nd generation superconducting magnetic levitation transport system, the Maglev-2000 system, invented on Long Island by Doctors James Powell and Gordon Danby, the inventors of the original first generation system, now operational in Japan. The new system is designed to work with MTA’s existing infrastructure; and

WHEREAS, in 2000, Danby and Powell were awarded the Benjamin Franklin Medal in Engineering by The Franklin Institute for their invention of Maglev trains (fellow awardees include Albert Einstein and Tesla); and

WHEREAS, Dr. Danby is a Wading River resident and was awarded the distinction of Fellow by the American Association of the Advancement of Science (AAAS), cited for "seminal contributions to magnet technology, including superconductive magnets for accelerators, the ultra-high precision g-2 magnet, magnets for MRI and magnetically levitated trains."

WHEREAS, the current challenging economic environment presents an opportunity to explore alternative transportation solutions that offer new opportunities to move a growing regional population in a more efficient manner at a lower cost and realistic projections of current trends in population growth, oil production, global warming and

global trade justify an investment in a United States program for achieving this advanced surface transportation system based on the superconducting Maglev (Magnetic Levitated) technology invented by New York scientists, Drs James Powell and Gordon Danby, who were discovered by Senator Moynihan in the late 1980s; and

WHEREAS, Powell and Danby have continued to work and have a 2nd generation transport system which is lower cost and of greater capability than the 1st generation system exploited by the Japanese that President Obama has cited as a goal for U.S. High Speed Rail , and is lower cost to build and operate than the European High Speed Rail (HSR) systems proposed by HSR advocates; and

WHEREAS, by developing a U.S. based 2nd generation Maglev transport system, America has the opportunity to become the World leader in 21st Century transport. An American Maglev manufacturing industry would generate hundreds of thousands of new jobs, and many Billions of dollars in annual exports. The U.S. still has the opportunity to develop the 2nd generation Maglev transport system. If it does not act now to seize this opportunity, the advanced Maglev system will be developed abroad and exported to the U.S., adding to our trade deficit and the job loss resulting from a declining manufacturing industry; and

WHEREAS, this transformational project will create American sustainable jobs, improve commuter rail for Long Island and the New York region, substantially improve American transport productivity, and fulfill the promise of President Obama's vision for building a solid economic foundation for America's future; and

NOW THEREFORE BE IT RESOLVED, that the Town of Riverhead Board authorizes the submission of a joint application with MagLev 2000 and Polytechnic Institute on or before September 15, 2009, for TIGER funding from the USDOT for a MagLev 2000 Demonstration and Certification Project for the second generation superconducting magnetic levitation transport system; and

RESOLVED, that all Town Hall Departments may review and obtain a copy of this resolution from the E-Cabinet and, if needed, a certified copy of same may be obtained from the Office of the Town Clerk.
