² **OMNI ReNew Replacement Chamber Program:** OMNI ReNew replacement chambers are new OMNI measuring chambers that have been accuracy tested to the appropriate AWWA standard, with the chamber seal o-ring included and ready for installation into your main case (NO old chamber return is necessary with the OMNI ReNew Program). Simply identify the type and size chamber that you require by type (T², C² or F²) which is displayed on the register lid and size displayed on side of OMNI meter. T² and C² chambers are interchangeable for like sizes. F² chambers must only be used in F² main cases due to the UL/FM and Fire Protection liabilities.

³ Badger Recordall® Turbo Series: OMNI ReNew replacement chambers will retrofit Badger Turbos of like sizes (latest series only).

¹ Replacement register part orders require meter serial number for original meter calibration.

² **OMNI ReNew Replacement Chamber Program:** OMNI ReNew replacement chambers are new OMNI measuring chambers that have been accuracy tested to the appropriate AWWA standard, with the chamber seal o-ring included and ready for installation into your main case (NO old chamber return is necessary with the OMNI ReNew Program). Simply identify the type and size chamber that you require by type (T², C² or F²) which is displayed on the register lid and size displayed on side of OMNI meter. T² and C² chambers are interchangeable for like sizes. F² chambers must only be used in F² main cases due to the UL/FM and Fire Protection liabilities.

³ Badger Recordall® Turbo Series: OMNI ReNew replacement chambers will retrofit Badger Turbos of like sizes (latest series only).

⁴ Please order parts by part number. Use the prefix at the top of the column (size) along with the item number. Example: T1001 is a 1-1/2" T2 bonnet lid. T3021 is a 3" strainer cover.
