

MEDIA ADVISORY

FIRST WATER RESOURCE RECOVERY FACILITY OPENS ON LONG ISLAND

Partners gather to celebrate the completion of Town of Riverhead's Sewage Treatment Plant upgrade and Long Island's first-ever use of reclaimed water for irrigation at the Indian Island County Golf Course

WHO: The Town of Riverhead, including: Suffolk County, Peconic Estuary Program, US Environmental Protection Agency, NYS Department of Environmental Conservation, Elected Officials from New York State, Suffolk County and environmental advocacy organizations as partners working to protect the Peconic Estuary from excess nitrogen pollution.

Special guest US EPA Regional Administrator, Judith Enck

WHAT: An event to commemorate a water resource recovery partnership, followed immediately by a tour of the upgraded facilities of Riverhead's Sewage Treatment Plant

WHEN: Friday, September 23, 2016 at 9:15am

WHERE: Indian Island County Golf Course, 661 Riverside Drive, Riverhead

CONTACTS: Jill Lewis, Deputy Supervisor, Town of Riverhead (631) 727-3200 x655
Alison Branco, Director, Peconic Estuary Program (631) 852-5750
