2021-2022 American Rescue Plan Assistance to Business Entities and Not-for-Profits Related to:

PARA-ABLED PROGRAMS AND YOUTH SUPPORT PROGRAMS

INFORMATIONAL OVERVIEW

On March 11th, President Biden signed into law the American Rescue Plan Act of 2021. This \$1.9 trillion federal stimulus package known as the American Recovery Plan Act (ARPA) included \$360 billion in direct financial relief for state and local governments, including \$65 billion for America's cities, villages and towns, as well as \$65 billion for counties. The Town of Riverhead shall receive \$3,671,320 with the money paid to the State of New York and disbursed in two equal installments over a two-year period. The ARPA provides guiding principles to follow for consideration and commitment to use of the funds, dictates on projects/plans eligible for use of ARPA funds, and sets forth reporting requirements.

The Town tasked staff members to study regarding general operation of town government, needs and demands of each department, necessary improvements to town facilities, long term and short term projects impacting revenue, funding ability, or bonding, and other financial strains, negative impacts related not simply to town government but community related organizations. This research included funding/relief provided to the Town, School, local businesses and not-for-profits through other federal, state, and county programs/grants, including CARES Act, Community Development Block Grant, ARPA to Riverhead Central School District and Restaurant Revitalization Fund, to access portion(s) of programs and segments of the community that did not receive or may not be eligible for funding/adequate funding. In addition, research and consideration was provided to potential future funding opportunities, including grants, community benefit funds, and Town actions ie. outdoor dining, waiver of permit fees, etc.

The Town did receive recommendation from Town staff and strong support for funding for programs for the Para-abled. As set forth in the Town's American Recovery Plan Recommended Use of Funds, while the Individuals with Disabilities Education Act (IDEA) American Rescue Plan provides supplemental funds for states to support early intervention and special education services for infants, toddlers, children and youth with disabilities and their families grants assist states in providing a free appropriate public education, as stated above this was state aid and designed for children with disabilities ages 3 through 21, leaving those para-abled in private and not-for-profit facilities and over the age of 21 disproportionately impacted by COVID. In addition, programs related to treatment, counseling, support of children were impacted by COVID. COVID required some facilities to close during the height of the pandemic, institute remote learning and workshops, remote counseling, and in countless ways negatively impacting the social, educational, recreational and general welfare of this segment of our community. As such, the Town has

dedicated use of the ARPA funds in the amount of \$100,000.00 permitting business and not-for-profits located and hosting programs in the Town of Riverhead to apply for these funds by demonstration of the negative economic impact and the need to mitigate financial hardship or implement programs for the para-abled responsive to COVID.
