NATIONAL GRID BRINGS HOLIDAY CHEER TO LOCAL VETERANS

On Monday, December 21, 2020, at 11:00 a.m., volunteers from National Grid's Corporate Community Giving Program will be bringing holiday cheer to Riverhead Veterans residing at Acadia Nursing and Rehabilitation Center, located at 1146 Woodcrest Avenue, Riverhead.

Supervisor Yvette Aguiar, along with members of the Riverhead Town Board, will join National Grid volunteers to distribute holiday gift bags to our Country's heroes. Supervisor Aguiar stated, "On behalf of the Town Board, we are once again, grateful to National Grid for supporting our community and our residents. This year has been particularly challenging for our senior citizens, especially those residing in nursing facilities. The pandemic has forced them to remain isolated from friends and family, but National Grid's gesture of giving will surely bring a smile to our cherished Veterans, and remind them they are not forgotten this holiday season."
