Designation of Central Advisory Committee Finalized

The Riverhead Town Board has finalized the appointment of 14 members to the Central Advisory Committee (CAC). The CAC, formed to review submissions provided by outside consultants retained by the Town of Riverhead to complete the update of the Comprehensive or “Master” Plan, will offer critical feedback and recommendations to the Town Board.

The Comprehensive or “Master” Plan is a roadmap designed to guide the future development of Riverhead, encompassing a ten to twenty year period. It presents a vision for the future, with long-range goals and objectives for the economic development of our community. The Comprehensive Plan provides guidance on public and private land development proposals, expenditure of public funds, availability of tax policy including tax incentives, and cooperative efforts to preserve precious farmland and to sustain development and/or rehabilitation of previously developed residential areas.

Members appointed to the CAC, bring a wide variety of expertise and experience in the fields of healthcare, education, natural resources, agriculture, real estate and economic development.

The first meeting of the Central Advisory Committee (CAC) has been scheduled for Monday, January 11, 2021.
