NOTICE TO APPLICANTS

Subdivision Applications

Prior to submitting a subdivision application, it is highly recommended that you meet with Planning staff. The subdivision review process can be complicated and involves approvals from other agencies including the Suffolk County Department of Health Services and the Suffolk County Clerk. If you are proposing to subdivide a small property, you may need Zoning Board of Appeals approval, as well. Subdivision applications require that you submit an updated land survey and Title Report. It is likely that you will need to retain the services from an attorney and other New York State licensed professionals, such as a Land Surveyor and engineer.

You may schedule a *free* Pre-submission meeting with the Planning Department to review your subdivision proposal. If you would like to attend a Pre-submission meeting, please call (631) 727-3200, ext. 240.

**NOTICE TO APPLICANT
REQUIREMENTS FOR MAJOR SUBDIVISION-RESIDENTIAL
STORMWATER POLLUTION PREVENTION PLAN**

Please be advised that a Stormwater Pollution Prevention Plan (SWPPP) consistent with the provisions of Riverhead Town Code chapter 275 shall be required for construction activity including clearing, grading, excavating, soil disturbance or placement of fill that results in land disturbance of equal to or greater than one acre, or activities disturbing less than one acre of total land area that is part of a larger common plan of development or sale, even though multiple, separate and distinct land development or re-development activities may take place at different times on different schedules unless the activity is exempt as delineated in Riverhead Town Code section 275-5.

Major Subdivision approval will not be scheduled for hearing until staff reviews have been completed and reports or recommendations, if required, from other agencies have been received. Preliminary Plat hearing will not be closed and the Planning Board will not approve a final plat until a SWPPP, in conformance with Riverhead Town Code section 275-6, is submitted separately to **both the Planning Department and Engineering Department-Stormwater Management Officer, and the Stormwater Management Officer has reviewed and substantially approved a submitted SWPPP.**

If you have any questions as to whether a SWPPP is required regarding your land use application you may contact either Drew Dillingham, Stormwater Management Officer, at 631-727-3200 x 604 or the Planning Department at 631-727-3200 x 240.

Construction Activity Agreement

Job Title: _____

SCTM No: _____ Site Address: _____

I agree to comply with the following:

- I will have available on-site this agreement and related plans during the entire construction process. I will explain the requirements to all construction personnel and subcontractors. I take responsibility for full compliance with this agreement and Chapter 275 of the Town of Riverhead Code (Stormwater Management and Erosion and Sediment Control).
- No vegetation and/or trees may be cleared without first receiving a mark-out or authorization from Planning, Building and/or Engineering Inspectors. Only vegetation, topsoil, and trees specifically in the path of construction activity may be removed.
- No earth, fill or construction material shall be allowed to migrate off site from this project on the Town of Riverhead roadway and/or storm drain system or an adjacent property.
- No fill shall be brought into site without the express approval of a Building Department. Fill piles will only be allowed in a location designated on plan, or authorized by Building Inspector(s). Piles of fill shall be stabilized and/or contained with grass seed, sit fences, hay bales, or other approved methods.
- At the end of each workday the adjacent roadway and/or storm drain system shall be inspected by owner or his/her designee for soil or other matter. All construction site and adjacent roadways shall be cleared of soil and other material at the end of each day.
- All construction and demolition debris and materials, including wet concrete, shall be disposed of at an appropriate facility in accordance with Town of Riverhead and NYSDEC waste management regulations. Dumping any liquid, semi-liquid, or other materials from a construction site into storm drains, roadways, vacant property or grounds for a violation.
- Litter shall be picked up on a daily basis from site, adjacent properties and/or the road system.
- Toilet facilities shall be available to all workers on site during the construction period.
- A temporary stable construction entrance shall be constructed utilizing recycled concrete aggregate (RCA) or a similar material, unless a suitable constructed entrance already exists on the site.

- All municipal or private drainage inlets adjacent to area or construction shall be protected from dirt/matter/pollutants through the use of products/sponges designed for this purpose.
- On areas of steep slopes and areas cleared of vegetation, suitable stabilization methods, as shown on approved site plans and the stormwater pollution prevention plan (SWPPP) shall be employed to prevent soil migration and stormwater runoff.
- All exposed expanses of soil shall be stabilized with annual grass seed as soon as areas will no longer be needed for construction staging, or if areas will remain undisturbed for six weeks or longer.
- Prior to tree, shrub or other plantings, soil shall be suitably tilled and prepared.
