## **DEVELOPERS REQUESTING WATER AVAILABILITY LETTERS OR WATER MAIN EXTENSIONS MUST SUBMIT THE FOLLOWING INFORMATION TO THE RIVERHEAD WATER DISTRICT FOR REVIEW:**

The first step in applying for water is to make application to the Water District with a preliminary site plan or survey. This information must be in writing and include the following:

Tax map designation (#):

Street address (property location)

Scope of project (residential home or commercial property)

Anticipated water usage

Owner and Architect/Engineer contact information

Once all requested information is received, RWD will respond with a letter of water availability or a letter stating that funding for an Engineering Map & Plan must be deposited for extension review.

Any questions regarding this procedure should be directed to the Riverhead Water District at the number above.
