Grumman Memorial Park is a volunteer effort paying tribute to the incredible advances in aviation and aerospace that took place on Long Island at the former Grumman Aerospace Flight Test Facility (Naval Weapons Industrial Reserve Plant) in Calverton (now called EPCAL).

Located in Garden City, the Cradle of Aviation Museum is dedicated to preserving Long Island's rich aerospace heritage of discovery and to inspiring future generations through science and technology. The Town will provide the paint and other materials needed by the CAM volunteers, including ladders, power washer, bucket truck and staff support/coordination for the refurbishment.
